

Welcome to Matthews Design Group

Matthews Design Group, Inc. is a full service engineering and land development firm that provides unparalleled engineering services throughout the Southeastern United States. We are centrally located in historic St. Augustine, Florida. We have registered professionals licensed in Florida, Georgia, and South Carolina.

MDG is a rapidly growing company with an energetic and diverse team of highly-skilled engineers, designers, and drafters. We offer a complete range of civil engineering, master planning, and permitting services. MDG has a proven track record for providing quality work on a timely basis for large and small jobs alike. We have extensive experience providing engineering services for:

- Single and Multi-Family Residential Subdivisions & Planned Developments
- Professional and Commercial Offices and Office Parks
- Industrial Parks
- Municipalities
- Schools and Churches
- Recreational Facilities
- Marinas
- Borrow Pits

MDG's core philosophy is to provide our clients and the communities we serve with unmatched engineering services. Our team is committed to understanding and then meeting the needs and goals of our clients. This dedication, combined with our exceptional customer service and political acumen, has made Matthews Design Group the engineering firm of choice for many challenging and varied projects.
